

HEREFORD HOP RUN

This took place on Thursday 14th November on the wettest day of a very wet month. In spite of this the run went ahead with two bike riders, Dave Elliot and Frank Alexandre and chairman Richard in his three wheeler plus a few other in cars. Congratulations to those who braved the elements, especially to Frank who lives near Redditch.

Engineering work

Turning, milling, bead blasting, welding, brazing. Norton and Triumph exhaust ports re-paired. Vernier magneto sprockets. 18-14mm spark plug adaptors. Stripped threads, including spark plug sizes Helicoiled. **Contact Roger Kordas 01886 832502.**

PROGRAMME FOR 2020

Next year's programme is now complete and has been entered onto the VMCC portal in time for inclusion on the 2020 Calendar of Events. Many thanks to Richard Caddick for doing the bulk of the work on this mammoth task. It has been made more complicated because we are cooperating more with our friends in North Birmingham and Herefordshire Sections. It is also available on the section website and we have printed copies available tonight for those without internet access. Limited numbers of the VMCC's Calendar of Events will be available at the January club night.
